

CAREER OBJECTIVE

A motivated and skilled B.Tech Computer Science & Engineering graduate seeking a full-time job opportunity in the field of full-stack development. Having completed an internship at Cognifyz, where I gained hands-on experience in both front-end and back-end technologies, I am eager to contribute to impactful projects, collaborate with dynamic teams, and continue developing innovative solutions that meet industry standards.

PROFESSIONAL QUALIFICATION

COURSE	UNIVERSITY	PERCENTAGE	YEAR OF PASSING
B.Tech CSE	Invertis University, Bareilly	70%	2025

EDUCATIONAL QUALIFICATION

12th UP BOARD

- Janta English Inter College
- Graduated: May 2021

10th CBSE Board

- Fatima Leyan Public School
- Graduated: May 2019

SUMMER INTERNSHIP TRAINING

Full-Stack Development Intern

Infotech, 22 June - 4 Dec

- Gained hands-on experience in full-stack development, working on both frontend and backend technologies.
- Contributed to developing scalable web applications, focusing on responsive design, database integration, and user authentication.
- Collaborated with senior developers to implement efficient code solutions and optimize performance.

Working on Technologies

Server-Side Rendering (SSR) Implementation

- **Objective:** Improve initial page load time and SEO by implementing server-side rendering.
- **Technology Used:** React.js with Next.js, Node.js
- **Description:** Enhanced the performance of web applications by pre-rendering pages on the server before sending them to the client. This approach improved load times and search engine visibility.
- **Outcome:** Achieved faster initial page loads and better SEO performance, leading to improved user engagement.

Authentication and Authorization

- **Objective:** Secure user data and restrict access based on user roles and permissions.
- **Technology Used:** JWT (JSON Web Tokens), Passport.js, Express.js
- **Description:** Implemented user authentication to validate users and authorization to control access to different parts of the application. Utilized JWT for secure token-based authentication and managed user sessions with Passport.js.
- **Outcome:** Provided a secure login system and role-based access control, ensuring that users can only access resources they are authorized to use.

SOFTWARE SKILLS

Programming Languages: C, Python, Javascript

Web Development:

- **Frontend:** HTML, CSS, JavaScript, React.js
- **Backend:** Node.js, Express.js
- **Database:** MySQL, MongoDB
- **Other:** Mongoose

Tools & Technologies:

- Github, MS Excel

· Proficient in:

- Full-stack Development, API Integration, Responsive Design

STRENGTHS

Problem-Solving: Skilled in identifying and resolving technical challenges efficiently.

Adaptability: Quick to learn and apply new technologies in web development.

Attention to Detail: Meticulous in coding and design to ensure high-quality work.

Teamwork: Effective collaborator in diverse development teams.

FIELDS OF INTEREST

- Web Development and Design
- API Integration
- Database Management
- Full stack Development
